

European Pharmacovigilance Congress

November, 7 - 8 2022

Virtual

November, 10 2022

Face to Face in Milan

PEC PHARMA
EDUCATION
CENTER

The European Pharmacovigilance Congress organized by **Pharma Education Center** has become one of the most appreciated international PV meeting.

Last year, the virtual edition of the congress enjoyed a great success with an exceptional participation of PV delegates from all over the world.

International top speakers from marketing authorization holders, competent authorities, international pharmacovigilance organizations, European expert patient organizations and independent consultants animated the three days of conference with fruitful discussions, interactive sessions, Q&A, and focused round tables.

The congress, now at its sixth edition, is a unique opportunity to get in touch with different international stakeholders, to learn more about the new requirements, the new emerging challenges in pharmacovigilance and to discuss the possible strategies and solutions to address them.

The European Pharmacovigilance Congress...

Is more than a traditional conference, it is a great opportunity to learn, to develop your professional skills, to get in touch with international renowned experts and colleagues.

Discuss and share the strategies and the main trends in the international pharmacovigilance scenario: be part of the community!

This year the European Pharmacovigilance Congress will be a **mixed event!** The first two days, November **7th and 8th**, will be **virtual** and will see the participation of worldwide experts and key opinion leaders. The third day, **November 10th**, will be a **face to face meeting in Milan**, where you will have the chance to meet colleagues and the speakers of the congress: a great opportunity for the PV community to get together!

EUPV 2022 FEATURED TOPICS

SESSION 1 - BENEFIT - RISK & SIGNAL DETECTION

SESSION 2 - SERIOUS CUTANEOUS ADVERSE REACTIONS (SCARS)

SESSION 3 - SAFETY OF GENE THERAPIES

SESSION 4 - ARTIFICIAL INTELLIGENCE IN PV: OPPORTUNITIES AND CHALLENGES

MEDIA PARTNERS

Published by SAGE, Therapeutic Advances in Drug Safety (Impact Factor: 3.842) is an international peer-reviewed Open Access journal, delivering the highest quality original research articles, reviews, and scholarly comment on pioneering efforts and innovative studies pertaining to the safe use of drugs in patients. The journal has a strong clinical and pharmacological focus and is aimed at an international audience of clinicians and researchers in drug safety, providing an online forum for rapid dissemination of recent research and perspectives in this area. As the official Media Partner of the 6th edition of the European Pharmacovigilance Congress, Therapeutic Advances in Drug Safety will be publishing an online abstract supplement which will be free to access online.
